

0 OFF NC 53 HWY E HIGHWAY, KELLY, BLADEN

SOLD

This property is not far from the Cape Fear River which offers great waterfowl hunting. Frenches Creek runs through the property which would make a great place to build a duck impoundment to create some good waterfowl opportunities. This property also has many roads that run through it making it a great place to ride ATV's or enjoy horseback riding. This property also offers good timber with approximately 200 +/- acres of Longleaf Pine that, with a little work, are ready to be raked annually and provide a yearly income. There are many stands of loblolly ranging from 6 years old up to 32 years old that can be harvested at different times to provide some cash flow from the land.
