In 1652, Surry County was formed from the portion of James City County south of the James River. For more than 350 years, Surry County has depended on an agricultural economy. It has guarded its heritage, including many small towns and 19 sites listed on the National Register including a landmark occupied in 1676 known as Bacon's Castle and Chippokes Plantation (now a state park). The Jamestown Ferry provides easy access to Virginia's Historic Triangle, featuring Jamestown, Williamsburg, and Yorktown, linked by the National Park Service's Colonial Parkway.

The county is known for farming, curing Virginia Hams, and harvesting lumber, notably Virginia Pine.
