Great opportunity in Carteret County to get this property with lots of options! This property is currently being farmed and would make for a good, equestrian property, homestead or even a small development. The agricultural fields lead to the marshland along the creek at the rear of the property. This is a great area for deer and waterfowl! The property is located between Beaufort, NC and Havelock, NC which allows the feel of being secluded, but still close to all the amenities offered in Beaufort. The listing includes 3 total parcels with one parcel having an existing septic and well. Buyer will be responsible to have the county inspect both the septic and well in order to renew the permits.
