

1902 SAVIN ROAD, ELIZABETH CITY, PASQUOTANK

ACTIVE

This is a great parcel within the city for expansion of homes to be built. The 4 lots up front can be built on right away once cleared and the back acreage can be cleared and readied for more as the developer likes. Close enough to tie in to the city sewer and water. Many new homes have been built nearby and this is one of the last pieces in the city to put in more homes with small lots so they are more affordable
