15.65 acres of Recreational and Hunting Land For Sale in Bladen County, NC! This property is located right off of Highway 701, and in close proximity to White Lake and Baytree Lake State Natural Area. Located on Mote Road, this property features roughly 1,200 feet of road frontage. The property is level and sits at 70 feet above sea level. None of the property is located within the FEMA 100 year floodplain. There is a small section of wetlands that cuts through the property along the wooded area. This is where a branch of Colly Creek flows through the property. This is also where the majority of the mature hardwoods on the property are located.

There is another section of land along the southern border that is roughly 4 acres. This 4 acres features planted pines and is where the driveway culvert is located. There is also a thin strip of timber that parallels the road, making this an ideal place for a homesite as it would be private and secluded. There are also a number of places where hunting stands and food plots could be cleared/situated. This property is a clean slate and can be sculpted however you would like to have a recreational property look. From riding ATVs and horses, to shooting and Hunting Wildlife, this property has tons of potential without breaking the bank. While this property does offer homesite potential, no official soil evaluation has been conducted on the property.

While this property is in a rural area, Highway 701, Highway 210, and Highway 41 make it easily accessible. The property is just north east of Elizabethtown in a short drive from the town of Clinton.-
