

2910 PALM, ISLE OF PALMS, CHARLESTON

SOLD

This luxurious beachfront residence on the esteemed Isle of Palms truly epitomizes the pinnacle of coastal living. Designed by the renowned architect Carl McCants, this 6-bedroom, 6.5-bathroom home seamlessly marries timeless elegance with contemporary comforts, promising an unparalleled lifestyle experience. Inside, the home exudes sophistication and refinement, with a spacious great room featuring wood floors and a cozy fireplace seamlessly flowing into the chef's kitchen, complete with world class stainless steel appliances and a sprawling center island ideal for entertaining. The luxurious master suite, located on the second floor, boasts breathtaking ocean views while the opulent master bathroom beckons with a freestanding tub, walk-in shower, and lavish custom tile work. Elevate your outdoor gatherings amidst the well-appointed landscaping, charm of live oak trees, and the property's expansive .83 acres. From the tranquil in-ground pool and sunlit hot tub to the inviting outdoor fire pit nestled within a travertine patio, every element has been thoughtfully curated for both enjoyment and aesthetic appeal. Whether unwinding on the rear veranda beside a cozy fire or ascending the spiral staircase to the rooftop deck for panoramic views of the Atlantic Ocean, residents are treated to an array of enchanting vistas and tranquil moments. Additional highlights include two main floor bedrooms with ensuite bathrooms, a versatile upper den/flex room with a wet bar area, and the convenience of an elevator providing access to every level. With designer-selected finishes and an abundance of natural light throughout, this coastal masterpiece offers an unmatched blend of sophistication and serenity a true sanctuary to call home or investment.
