

6650 ANNESBROOK PLACE, OCEAN ISLE BEACH, BRUNSWICK

SOLD

Motivated Seller. This is an awesome homesite located in one of the nicest sections of Ocean Ridge. When deciding on which homesite you should build your new home, you want to look for a site that offers something special or different from all of the others, right? This one checks those boxes. It is located on a cul-de-sac street, there are many nice homes already built on the street, you are tucked away from the main roads which means it is nice and quiet. More importantly, you are overlooking the golf course and no one can build beside of you. There is a small pond to the right of the homesite that provides nice views but also additional privacy. There aren't many homesites like this one available. Residents in Ocean Ridge enjoy great amenities including 4 golf courses, a clubhouse with indoor and outdoor pools, fitness center, miles of walking trails and of course the ocean front beach clubhouse and parking lot on Sunset Beach.
