

OFF STATE ROAD 1154, CHOCOWINITY, BEAUFORT

SOLD

Beautiful farm/hunting tract on the Beaufort/Pitt County line, past Chocowinity, NC. This tract is approx. 352 acres. 104 acres of prime farm land and the rest is timber. Some of the timber has been harvested and about a third of it is still standing. Creeping Swamp runs through the middle of the property separating the farm and timber. This swamp, woods, and recent cut over are prime wildlife habitat. Lots of deer, bear, and turkey on this tract plus the open water in the swamp should attract plenty of ducks. The farm has a hidden field in the back and several ditch banks with trees that will make good places for deer stands and blinds. This is a very unique property with all kinds of possibilities from hunting, farming, and timber. Need to check this one out!
