

An aerial photograph of a residential neighborhood. A large, irregularly shaped wooded area in the lower half of the image is outlined with a red border. Above this area, a residential street is visible with several houses and trees. The street is labeled with three names: 'GLISSOM ST' at the top, 'PALMER DR' on the left side, and 'LYDIA DR' on the right side. The wooded area is dense with green trees. In the bottom right corner, there is a small clearing with a few houses and a driveway. The overall scene is a mix of residential development and natural green space.
