SECTION .1100 - GENERAL PERMIT FOR CONSTRUCTION OF BULKHEADS AND THE PLACEMENT OF RIPRAP FOR SHORELINE PROTECTION IN ESTUARINE AND PUBLIC TRUST WATERS

.1101 PURPOSE

This permit will allow the construction of bulkheads and the placement of riprap for shoreline protection in the public trust waters and estuarine waters AECs according to authority provided in Subchapter 7J .1100 and according to the following guidelines. This permit will not apply to shoreline protection within the ocean hazard AEC.

History Note: Authority G.S. 113A-107(a); 113A-107(b); 113A-113(b); 113A-118.1; 113A-124; Eff. March 1, 1984.

.1102 APPROVAL PROCEDURES

(a) The applicant must contact the Division of Coastal Management and complete an application form requesting approval for development. The applicant shall provide information on site location, dimensions of the project area, and his name and address.

(b) The applicant must provide:

- (1) confirmation that a written statement has been obtained signed by the adjacent riparian property owners indicating that they have no objections to the proposed work; or
- (2) confirmation that the adjacent riparian property owners have been notified by certified mail of the proposed work. Such notice should instruct adjacent property owners to provide any comments on the proposed development in writing for consideration by permitting officials to the Division of Coastal Management within ten days of receipt of the notice, and, indicate that no response will be interpreted as no objection. DCM staff will review all comments and determine, based on their relevance to the potential impacts of the proposed project, if the proposed project can be approved by a General Permit. If DCM staff finds that the comments are worthy of more in-depth review, the applicant will be notified that he must submit an application for a major development permit.

(c) No work shall begin until an on-site meeting is held with the applicant and appropriate Division of Coastal Management representative so that the proposed bulkhead alignment can be appropriately marked. Written authorization to proceed with the proposed development may be issued during this visit. Construction of the bulkhead or riprap structure must begin within 90 days of this visit or the general authorization expires and it will be necessary to re-examine the alignment to determine if the general authorization can be reissued.

History Note: Authority G.S. 113A-107(a); 113A-107(b); 113A-113(b); 113A-118.1; 113A-124; Eff. March 1, 1984; Amended Eff. January 1, 1990; December 1, 1987.

.1103 PERMIT FEE

The applicant must pay a permit fee of fifty dollars (\$50.00) by check or money order payable to the Department.

History Note: Authority G.S. 113A-107(a); 113A-107(b); 113A-113(b); 113A-118.1; 113A-119; 113A-124; Eff. March 1, 1984; Amended Eff. March 1, 1991.

.1104 GENERAL CONDITIONS

(a) This permit authorizes only the construction of bulkheads and the placement of riprap conforming to the standards herein.

(b) Individuals shall allow authorized representatives of the Department of Environment, Health, and Natural Resources to make periodic inspections at any time deemed necessary in order to be sure that the activity being performed under authority of this general permit is in accordance with the terms and conditions prescribed herein.

(c) There shall be no significant interference with navigation or use of the waters by the public by the existence of the bulkhead or the riprap authorized herein.

(d) This permit will not be applicable to proposed construction where the Department has determined, based on an initial review of the application, that notice and review pursuant to G.S. 113A-119 is necessary because there are unresolved questions concerning the proposed activity's impact on adjoining properties or on water quality; air quality; coastal wetlands; cultural or historic sites; wildlife; fisheries resources; or public trust rights.

SECTION .1200 - GENERAL PERMIT FOR CONSTRUCTION OF PIERS, DOCKS, AND BOAT HOUSES IN ESTUARINE AND PUBLIC TRUST WATERS

.1201 PURPOSE

This permit will allow the construction of new piers, docks, and boat houses in the estuarine and public trust waters AECs and construction of new piers and docks within coastal wetlands AECs according to the authority provided in Subchapter 7J .1100 and according to the following guidelines. This permit will not apply to the Ocean Hazard AEC.

History Note: Authority G.S. 113A-107(a); 113A-107(b); 113A-113(b); 113A-118.1; 113A-124;
Eff. March 1, 1984.

.1202 APPROVAL PROCEDURES

(a) The applicant must contact the Division of Coastal Management and complete an application form requesting approval for development. The applicant shall provide information on site location, dimensions of the project area, and his name and address.

(b) The applicant must provide:

- (1) confirmation that a written statement has been obtained signed by the adjacent riparian property owners indicating that they have no objections to the proposed work; or
- (2) confirmation that the adjacent riparian property owners have been notified by certified mail of the proposed work. Such notice shall instruct adjacent property owners to provide any comments on the proposed development in writing for consideration by permitting officials to the Division of Coastal Management within 10 days of receipt of the notice, and, indicate that no response will be interpreted as no objection. DCM staff shall review all comments and determine, based on their relevance to the potential impacts of the proposed project, if the proposed project can be approved by a General Permit. If DCM staff finds that the comments are worthy of more in-depth review, the applicant shall be notified that he must submit an application for a major development permit.

(c) Approval of individual projects shall be acknowledged in writing by the Division of Coastal Management and the applicant shall be provided a copy of this Section.

(d) Construction must be completed within 90 days of the approval of the permit or the permit expires.

(e) Any modification or addition to the approved project shall require prior approval from the Division of Coastal Management.

Eff. March 1, 1984;
Amended Eff. March 1, 1991.

.1204 GENERAL CONDITIONS

(a) Piers authorized by this general permit shall be for the exclusive use of the land owner, or occupant and shall not provide either leased or rented docking space or any other commercial services. Piers designed to provide docking space for more than two boats shall, because of their greater potential for adverse impacts, be reviewed through the major permitting process and, therefore, are not authorized by this general permit.

(b) Individuals shall allow authorized representatives of the Department of Environment and Natural Resources to make periodic inspections at any time deemed necessary in order to be sure that the activity being performed under the authority of this general permit is in accordance with the terms and conditions prescribed herein.

(c) There shall be no unreasonable interference with navigation or use of the waters by the public by the existence of piers, docks and boat houses.

(d) This permit will not be applicable to proposed construction where the Department believes that the proposed activity might unnecessarily endanger adjoining properties; significantly affect historic, cultural, scenic, conservation or recreation values, identified in G.S. 113A-102 and G.S. 113A-113(b)(4), nor that might significantly affect the quality

- (o) Piers, and mooring facilities shall be designed to provide docking space for no more than two boats.
- (p) Applicants for authorization to construct a dock or pier shall provide notice of the permit application to the owner of any part of a shellfish franchise or lease over which the proposed dock or pier would extend. The applicant shall allow the lease holder the opportunity to mark a navigation route from the pier to the edge of the lease.
- (q) The diagram shown below illustrates the various shoreline configurations.
